At the library desks you can find

The school database - CLIP

When you enroll in NSST, you' re given **an e-mail address and a password** to access your personal and academic information on CLIP database.
(The first part of your e-mail address - before the simbol @ - will be your CLIP username).

CLIP's username and password will be your username and password for your personal area in Library online catalog, as well as for booking study rooms.

To book a study room on CLIP

The Library Catalog

To register in the library database

✓ Go to the Library web page

✓ MENU

✓ **Área de leitor (Readers' area)**

Congratulations!

You are now a registered Library user!

Book Loans

Users	Nº of documents	Loan period
Graduate students	5	10 days
Post-graduate students	10	30 days

✓ Documents can be renewed twice, as long as there is no reservation

✓ If you need a document on loan, you can make a reservation

✓ To avoid fines, do not return documents after the due date!

✓ Check the return date in your Reader's Area

Electronic resources

✓ Library Catalog

✓ B-on (Biblioteca do conhecimento online- Online Library of Knowledge)

✓ E-books (accessible through the catalog)

✓ International databases and other information resources

✓ NOVA University Repository – RUN

https://opac.fct.unl.pt/   http://www.b-on.pt/   http://run.unl.pt/

Remote Access to Information resources

- ✓ It's possible to access all electronic resources from outside the Campus.

- ✓ Access requires remote connection to the NSST network via VPN and authentication with CLIP credentials.

- ✓ VPN refers to a network (Virtual Private Networking) to which authorized remote users can connect, becoming an integral part of that network, which operates on the infrastructure of a public network such as the Internet.

- ✓ For instructions for connecting via VPN and a support video see:

https://www.div-i.fct.unl.pt/servicos/vpn

Users training

The library's user-training program provides weekly workshops about:

- ✓ Search techniques and strategies

- ✓ Electronic resources (B-on and other databases)

- ✓ Bibliographic management software, like (Mendeley Reference Manager, Zotero, EndNote)

- ✓ Ethical use of information / How to avoid plagiarism

- ✓ How and where to publish

- ✓ Research data management

- ✓ Data management plans

- ✓ Scientific communication

- ✓ And much more …

FabLab FCT - how to make (almost) anything

What is a FabLab?

A place that provides access to digital manufacturing technologies.

It allows to use technological equipment generally only accessible for mass production.

Reservations at:
https://www.fctfablab.fct.unl.pt/

Equipment:

- ✓ 3D printers
- ✓ Laser Cutter
- ✓ Vinyl cutter
- ✓ Electronics
- ✓ Precision milling machine
- ✓ 3D Scanner
